12W Medical DC Motor Desktop Air Purifier ABS Plastic 120m3/H

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Envitek
- Certification: ETL CB EMC LVD ERP ROHS
- Model Number: KJ120GE-C1
- Packaging Details: color box+master carton
- Delivery Time: 30
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 30000 PCS/MONTH

Product Specification

- Material: ABS
- Color: White Or Customize
- Voltage (V): 100-240V 50/60 Hz
- Installation: Desktop
- Control: Touch Control
- Noise: 25dB To 55dB
- Highlight: **12W Desktop Air Purifier, ABS plastic Desktop Air Purifier, 12W medical air purifier**

Product Description

Desktop Air Purifier: The Fresh Magic within a Small Space

In a corner of your desktop, there quietly sits a magical "air magician" - the desktop air purifier.

It is small in size but extremely charming. The appearance is simple and fashionable, with smooth lines, either round and cute or angular. No matter which style, it can perfectly match your desktop and become a unique sight.

Don't underestimate its size; its purification capacity is remarkable. It is like a miniature air purification factory, using various magical "spells" to make the air around you fresh and pure.

Through the efficient filter, like a fine sieve, it captures the tiny particles such as dust, pollen, and smoke in the air one by one. The activated carbon filter is like a powerful adsorber, absorbing harmful gases such as formaldehyde and benzene as well as various odors.

It works quietly, as if it is guarding you silently without disturbing your thinking, work or leisure time.

For example, when you are busy in the office, it eliminates the stale air around you, making your mind clearer and your work efficiency higher; when you are reading at the desk at night, it brings you quiet and fresh air, accompanying you to enjoy the peaceful time.

The desktop air purifier, with its small size and great power, creates a fresh and small world for you.

Product Specification

Model	KJ120GE-C1
Voltage	120-240v 50/60Hz
Power	12 W
CADR rate	120 m3/h
Product size	Ø227*H312mm
Area coverage	160sq.ft (15m2)

Product Features:

3 in 1 HEPA-type filter, with carbon and nylon pre-filter
1,2,4,8hours timer setting
3 speeds and sleep mode
Filter changing reminder
UVC light plus photocatalyst effectively eliminating bacteria, virus, odors
Auto Mode-Air Quality indicator for option
Negative ions for option
Wi-Fi for option

3 in 1 HEPA-type filter:

Pre filter traps pet hair and other large particles while extending the life of the HEPA filter
HEPA filter helps to reduce harmful germs, dust, pollen and other allergens as small as 0.3 microns
Activated charcoal filter helps to reduce unwanted odors
