Product Description

Removable Tank 4 Stage Filtration Instant Hot Water Purifier Dispenser

With this machine, you'll find drinking water faster and more enjoyable, including making milk, honey, tea or coffee anytime as you want. Instant heating technology ensures that only individual serve of water volume will be heated up each time. No repeat heating keeps your drinking water clean and fresh! The water tank is made of BPA-free food grade material and has a maximum capacity of 2.7L. The large capacity can ideally meet your daily water needs. The machine has hot water lock, dry burning protection, water shortage reminder and other multiple safety precautions, worry free use.

*Fill in the direct drinking water or purified water ONLY.

Product Specification

Countertop Instant Hot Water Filter Dispenser

Model	AM101A-03L
Filtration Capacity	12L/h
Rated Power	2400W
Purification Capacity	12L/h
Water Tank Capacity	2.7L
Product size	L283*W210*H312mm
