Our Product Introduction

Product Description

250 ml/h 23W Power Portable Home Office Ultrasonic Humidifier With Resin Filter

Using a humidifier correctly would dramatically improve your general health and comfort, reducing dry skin and respiratory problems by humidifying your air. Indoor humidity can be too low or too high. Low humidity can lead to dry skin, wrinkles, and a
higher chance of catching a cold. If it's too high it can cause mildew. The most comfortable environmental humidity range is between 45% to 55% room humidity.

Product Specification:

Model	S55CM-C1
Voltage	100-240V
Capacity	5.3L
Max Mist Output	250ml/h(cool)
Type	Cool Mist
Product size	L330*W183*H311mm

Product Features:

• Super quiet ultrasonic technology
• Adjustable cool mist spray with control knob
• 360°rotatable dual mist nozzle
• Auto-off when lack of water
• Night light
• Aroma diffuser box
• Filter to soften water for option
