Our Product Introduction

Product Description

Home Use 2.5L Food Waste Composter With Transparent Cover

In today's drive for an eco - friendly life, the household food waste disposer has quietly become a kitchen staple.

Compact and well - designed, it suits any kitchen style, from modern minimalism to rustic charm.

It works in diverse, efficient ways. Some models use high - temperature fermentation to turn food waste into organic fertilizer, while others rely on powerful grinding to make waste vanish fast.

Operating it is a breeze. Just press a button or set the timer, and it auto - processes food waste.

With this device, kitchens are cleaner. No more food waste piles mean fewer mosquitoes and less bacteria.

After a family gathering, it quickly clears up leftovers. For plant - loving families, the fertilizer it produces enlivens their gardens.

The household food waste disposer adds a touch of green and convenience to your life.

Product Specification:

Model	FW300-A3
Sound Level	<=55 dB(A)
Power	500 W
Capacity	2.5L
