

Energy Saving Mini Countertop Ro Water Purifier System 5 Stage Filtration

Our Product Introduction

for more products please visit us on envi-tek.com

Basic Information

- Place of Origin: China
- Brand Name: Envitek
- Certification: ETL CB EMC LVD ERP ROHS
- Model Number: AR303B-75G
- Packaging Details: color box+master carton
- Delivery Time: 30
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 10000 PCS/MONTH

Product Specification

- Product Material: ABS
- Product Color: White
- Product Size: 434*177*361mm
- Filter Stages: 5-Stage Filtration
- Installation: Countertop Installation
- Feature: Easy Operation
- Highlight: **5 Stage Filtration Countertop Ro Water Purifier, Mini Countertop Ro Water Purifier, 5 Stage Filtration countertop ro system**

Product Description

Energy-Saving And Water-Saving Mini Ro Water Purifier

Introducing the sleek and efficient Mini RO Water Purifier, designed to provide pure and safe drinking water right at your fingertips. This compact device is perfect for both home and office use, ensuring that you have access to clean water without the need for large, cumbersome systems.

Key Features:

- **Reverse Osmosis Technology:** Utilizes a multi-stage filtration process that includes a semi-permeable membrane to remove contaminants, ensuring that only pure water passes through.
- **Space-Saving Design:** Its small footprint makes it ideal for tight spaces, fitting easily under the sink or on a countertop without taking up too much room.
- **Easy Installation:** Comes with all necessary components and clear instructions, making it user-friendly for DIY installation.
- **Energy Efficient:** Requires minimal energy to operate, making it an eco-friendly choice for your water purification needs.
- **Advanced Filtration Stages:** Typically includes sediment pre-filter, carbon block filter, and a post-filter, each designed to target specific impurities such as sediments, chlorine, and other harmful substances.
- **Health and Safety:** Removes up to 99% of dissolved salts, heavy metals, bacteria, and viruses, ensuring that the water you drink is safe and healthy.

This Mini RO Water Purifier is a testament to modern innovation, combining convenience, efficiency, and reliability to meet the needs of those seeking pure drinking water. Whether you're concerned about contaminants in your tap water or simply want the peace of mind that comes with knowing your water is clean, this compact system is a great choice.

Product Specification

Model	AR201A-75G
Filtration Capacity	11.8L/h
Rated Power	36W
Purification Capacity	12L/h
Water Tank Capacity	3L
Product size	L434*W177*H361mm

Product Features:

- Countertop reverse osmosis water filtration system
- Mini in size
- No plumbing or installation required, easy to use
- No pure water storage, one-click access to fresh pure water
- 5-Stage filtration, removes up to 99.99% of all contaminants
- Filter change indicator
- Energy-saving & Water-saving design
- External glass carafe & Removable water tank
- Wi-Fi control for option

Water Purifier Principle:

5 - STAGE FILTRATION

Why Choose Us:

•Product development

Our Marketing Team continually evaluates Consumer needs and expectations and together with our Research Department look at ways to meet and exceed Consumer expectations in today's moving world of conveniences.

•Eye-Catching Design

Innovative Design Team, through Consultations and Customers, keeps abreast with trends in home appliances to be appealing to tomorrow's Consumers.

•Adequate verification

Reliability testing in normal use and abusive situations is exhaustively done during development and preproduction to insure the Consumer will enjoy a trouble free life for the product.

•Manufacturing capability

Longevity in a quality trained workforce assures capable processes delivers the best product to Name Brand Customers.

•Business Model

Envitek, being a world class manufacturer, thinks out of the box when it discusses and establishes OEM/OBM/ODM business relationships.
